Lessons learned from Fun Fly

Get flags out for flag poles and for sign at entrance
Assign people ahead of time for concessions, raffle ticket selling, registration, ...
All should know their roles and duties in advance
Forms from AMA must be available to fill in
Who is helping with what?

Food – potatoes ran out about 2/3 the way through
About 20 pieces of chicken left over
Desserts – clarify what is for lunch and/or dinner

Heli guys – conflicts. Hard for fixed wings to takeoff and land with wild flights going on at the end of the runway. Need to find better space for this seemingly popular activity.
